

SKC are specialists in air sampling technologies, and have manufactured equipment and media since 1962.

SKC can provide:

- air sampling pumps and kits
- filters
- cassettes
- sorbent tubes
- gas sample bags
- passive samplers
- calibrators
- colorimetric detector tubes
- skin and surface sampling products
- direct reading particulate monitors
- pump servicing and repair
- one day air sampling training course

Face Level Sampling Headset

Allows samples to be taken
inside masks and helmets

Face Level Sampling Headset

The Face Level Sampling Headset has been specifically designed for sampling within the breathing zone and importantly, allows samples to be taken behind protective face shields, such as masks and helmets, for more accurate measurements.

The Headset features dual flexible sampling arms for positioning one or two air samplers on a worker in very close proximity to the mouth and nose.

Using the Headset with the Mini Sampler is a validated method for sampling manganese in welding fumes, and ideal for the sampling of metals in welding fumes.

Headset shown fitted with optional mini sampler and tube holder accessories

The Face Level Sampling Headset was developed in a research project partly funded by the Swedish Work Environment Authority and carried out at Stockholm University, Sweden.

Key Features:

- Lightweight
- Flexible
- Comfortable
- Fits inside welding masks and helmets
- Samples the inhalable fraction
- Meets BS EN ISO 10882-1:2011 - Health Safety in Welding and Allied Processes: Sampling of Airborne Particles
- Dual flexible arms for simultaneous sampling
- With the appropriate accessories the headset can be used with the following:
 - Mini Sampler for particulates
 - 6 x 70mm sorbent tubes for vapours
- Operates with a variety of pumps from the SKC air sampling pump range

Face Level Sampling Headset 225-6200

Supplied with 2 flexible arms, 4 hose connectors, 2 Luer plugs and 2 Luer connectors

Mini Sampler

Open face 13mm Mini Sampler

Tube Holder and Cover 225-6220

Accessories

Mini Sampler with Tubing 225-6201

Calibration Adaptor with Tubing for Mini Sampler 225-6202
